

Organisation

Thames Valley Police

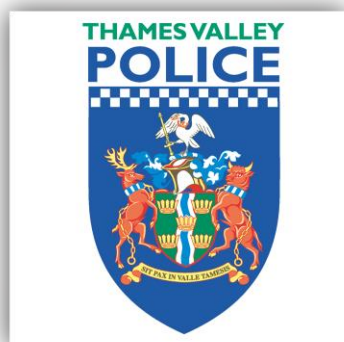

ABOUT

Thames Valley Police is the largest non-metropolitan police force in England and Wales.

We police the counties of Berkshire, Buckinghamshire and Oxfordshire, serving a diverse population of more than two million, plus the six million visitors who come to Thames Valley each year.

BUSINESS SECTOR

Law Enforcement

Why PowerRetrieve?

1. Proven results
2. Find evidence you wouldn't find in a manual search
3. Save valuable time and resources

Customer Testimonial

CORRUPTION / FRAUDULENT TRADING / MONEY LAUNDERING

When dealing with a one of the largest most complex cases that Thames Valley Police have ever dealt with, PowerRetrieve was used by both the investigation and disclosure teams, to locate evidence and unused material amongst several million pages of documents.

“Evidence and Information was found, that a manual search would have taken hours / days to find in a matter of seconds”

– DC Chris Goodall, Special Operations Department

Evidence and Information was found, that a manual search would have taken hours / days to find in a matter of seconds. In addition, the disclosure team used PowerRetrieve to identify duplicate documents which saved valuable time.

Another example of good use of PowerRetrieve was at trial, where there were requests by counsel to locate information amongst documents that again would have been almost impossible to do in the time frame provided.

RESULTS

PowerRetrieve assisted the team to achieve a successful conclusion to the case.

PowerRetrieve helped at trial to locate information, that would have been almost impossible to do manually in the time frames provided.

DC Chris Goodall, Special Operations Department
